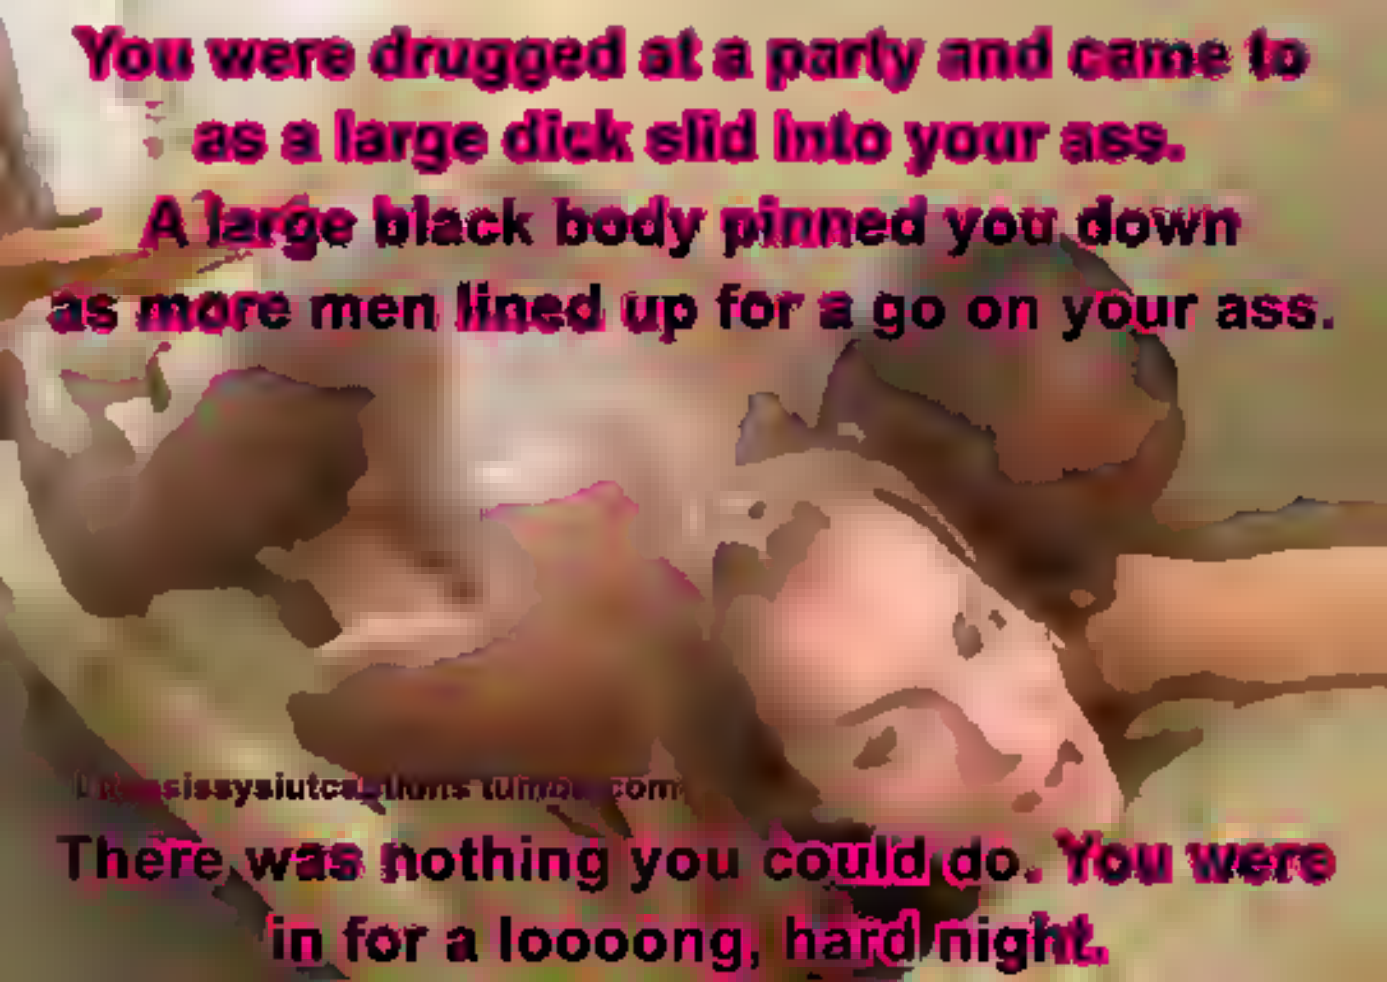
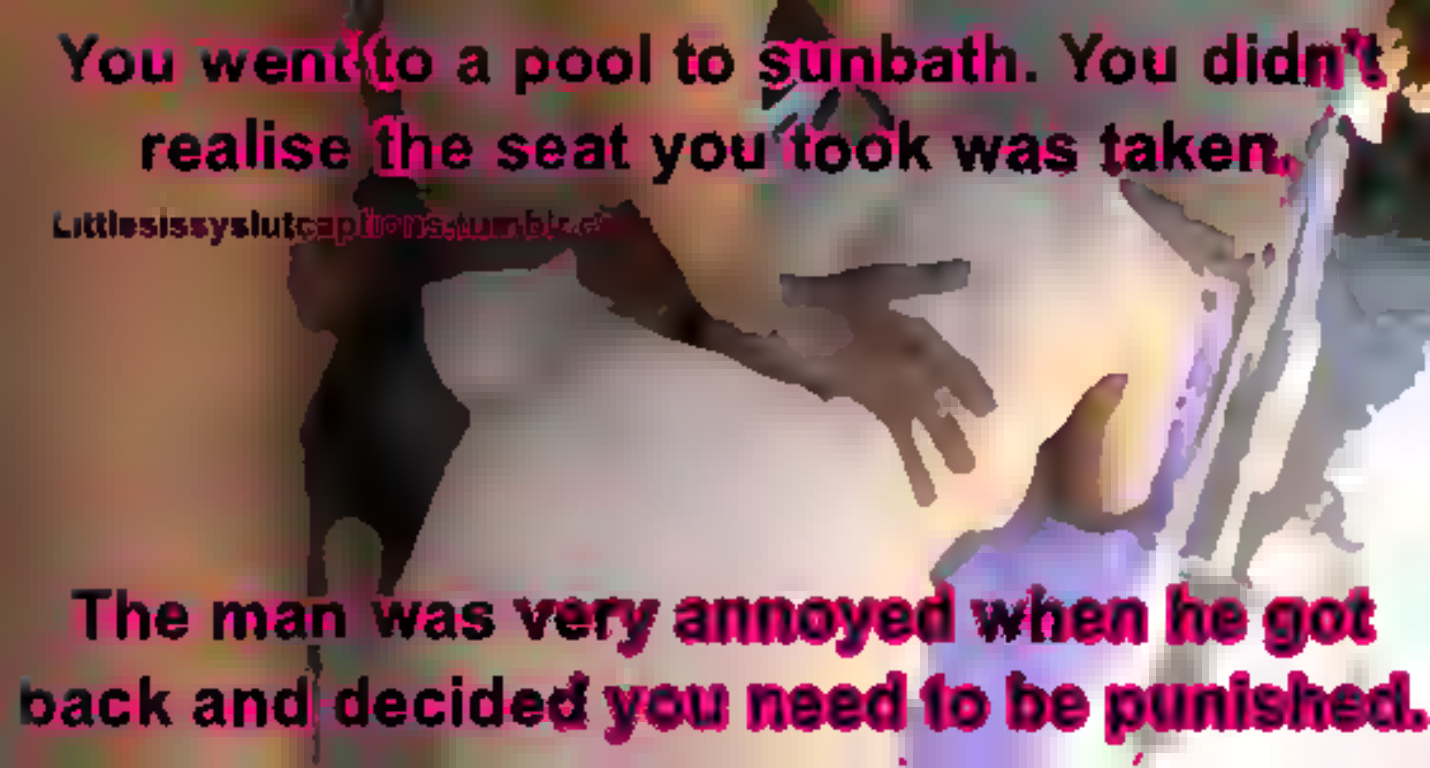
If you wish the cum was
landing on YOUR tongue.



You were drugged at a party and came to as a large dick slid into your ass.
A large black body pinned you down as more men lined up for a go on your ass.
There was nothing you could do. You were in for a loooong, hard night.



You went to a pool to sunbath. You didn't realise the seat you took was taken.

The man was very annoyed when he got back and decided you need to be punished.

Your girlfriend likes to blindfold you and make you suck her strap on.

Its amazing how realistic they feel.

Dear Forced Womanhood:
We have been reading your magazine for years. Three years ago when we first read Steve Fleming now Forced Womanhood, I started turning my cheating husband into a beautiful she-male. Believe it or not, I've made him take your vitamin hormones now every day for three years. Just six months ago he got his breast implants. To keep his new feminine round, smooth body he still takes them.
Also, I prefer using your penis chastity on him at this time because once in a while I need to feel his real penis in my body. By using your penis chastity I can either lock him up or unlock his penis. Besides, I love seeing him turned on not knowing if I'll let his penis out or not.
Love to you Jan Brenda S.
